Land Acknowledgement Statement

We acknowledge the lands and waters now known as Maryland are the home of its first peoples: the Accohannock Indian Tribe, Assateague People's Tribe, Cedarville Band of Piscataway Indians, Choptico Band of Indians, Lenape Tribe, Nanticoke Tribe, Nause-Waiwash Band of Indians, Piscataway Conoy Tribe, Piscataway Indian Nation, Pocomoke Indian Nation, Susquehannock Indians, Youghiogheny River Band of Shawnee, and tribes in the Chesapeake watershed who have seemingly vanished since the coming of colonialism. We acknowledge that this land is now home to other tribal peoples living here in diaspora. We acknowledge the forced removal of many from the lands and waterways that nurtured them as kin. We acknowledge the degradation that continues to be wrought on the land and waters in pursuit of resources. We acknowledge the right of the land and waterways to heal so that they can continue to provide food and medicine for all. We acknowledge that it is our collective obligation to pursue policies and practices that respect the land and waters so that our reciprocal relationship with them can be fully restored.

Equity: Impact vs. Grant Writing

The application is meant to inspire authentic reflection and internal analysis for each applicant, with the knowledge that the Maryland State Arts Council is to be seen and utilized as a collaborative partner in the process.

One aspect of the partnership is to guide panelists to see beyond the “polish” of grant writing that may be inequitably influenced by the privilege of resources (financial, educational, etc...) and, instead, focus upon the impact of the applicant.

Responses as Recommendations

"The application does not include a timeline with enough information for me to understand when the project will be completed"

BECOMES...

"I would recommend that the applicant include a detailed, bulleted timeline of benchmarks that describe when each phase of the project will be completed"

Goals for Today's Meeting:

1. Revisit the **11** grant applications that received an **initial average score** of **77.5%** or higher.
2. Arrive at **final average score** for each application.

Note: Final award decisions will not be made during today's panel meeting.

Panel Meeting Structure

The goal is for each application to be discussed within a **ten minute window** in which the following will occur.

1. The **Application ID #** and **initial average score** for the application is displayed.
2. The assigned **lead reader** introduces the grant in connection to the rubric **(2 min)**
3. The **full panel** may then enter open discussion that may affect the grant score **(4 min)**
4. The **staff discipline expert** may share additional thoughts/recommendations **(1 min)**
5. **Panelists** will then submit final scores and comments in SmartSimple **(2 min)**
6. MSAC staff will then average the panelists scores and re-present the final score
7. This same process repeats with the next grant application...
