

Online Learning Art Education Tools (both open source and subscription):

Google Sites-platform to frame online learning as a blog and archive.

Google Classrooms-platform for online instruction. Enables multi media file sharing: learning tutorials, online tool links, articles, student work, PDFs, forms, photos, videos.

Class Dojo-secure messaging system app to share files, messages, and positive behavior feedback to students and families. A lot of schools use this to send classroom and school updates to families.

Jumprope - Arts Every Day video tutorial creation bank

Zoom -video conferencing

Kahoot- online quizzes

Padlet- online portfolio and content creation

Weebly-website builder for class blogs

Canva-free graphic design tool with templates that can be used for social media posts, as well as print

Scratch- free design and coding platform to create video games, animations & digital instruments

Autodesk Sketchbook- digital artwork software with a variety of brushes. Very intuitive and user friendly.

Tinkercad- 3D printing software

Google Sketchup- architecture drafting software

PollEverywhere -polling tool that is mobile friendly

Freckle-differentiated reading and math content, should this be a part of an arts integrated lesson plan.

Inkscape- vector graphics software

Piskel-pixel art software

Mobile Apps For Office Documentation

Google Docs

Google Slides

Adobe Acrobat PDF Reader and Maker

Microsoft Word
